10. Browse to the Downloads folder where you previously downloaded and extracted Dzongkha Dictionaries (step 1 and 2).

Select Dzongkha Dictionaries ► stardict-dz-dz and click on Choose.

- 11. Repeat step 9 until you have finished adding the rest of the Dzongkha dictionaries.
- 12. Tick all the checkbox next to the dictionaries and click on "Rescan now".

13. Then click on "OK".

Using the GoldenDict Application

1. The aread highlighted in Red is the search field where you can type in your search word either in English or Dzongkha depending on the dictionary of your choice. After typing in the word, press Enter on your keyboard, or select the word of your choice from the possible match list that appears in the area highlighted in blue. The result of your search is displayed in the area highlighted in green. The selected dictionary is also displayed in this area.

2. By default after adding the dictionaries, all the DDC Dzongkha dictionaries will be turned on, as shown below:
