Dzongkha for Android version 6.0 & above

Posted on: 27th OCT, 2017

All the mobile phones with android version 6.0 and above have builtin Dzongkha rendering support. Therefore, you only need to install Dzongkha keyboard.

Installing a Dzongkha Keyboard

Install Multiling O Keyboard app (O means Omni)

1. Open "Play Store" from your phone, search for "Multiling O Keyboard", Click on Multiling O Keyboard + emoji.

Then accept the installation.

Omni . Lightweight . Powerful . DIY
